

FOR IMMEDIATE RELEASE

## Culmen International is Rated at CMMI-DEV Level 3

Alexandria, VA, October 10, 2018— [Culmen International, LLC](#), a leading provider of technical, operations and management services supporting clients worldwide with extensive experience operating in over 100 countries on six continents, announced it has been Rated at Maturity Level 3 of the CMMI Institute’s [Capability Maturity Model Integration for Development](#) (CMMI-DEV). The CMMI appraisal was performed independently by [ACE Guides](#), a CMMI Institute Partner.

CMMI-DEV is the Internationally Recognized Standard for Software & Systems Development. “Our capable and mature processes (including our agile development methodology) foster excellent software and systems requirements analysis, design, development, test and deployment to meet requirements for new systems, and to improve the application software and overall functionality of existing systems within a specified timeline,” said President and Chief Operating Officer, Paul McQuillan.

Culmen International is also Rated at CMMI for Services (CMMI-SVC) Level 3 Maturity and Certified to the International Organization for Standardization (ISO) 9001:2015, the Recognized International Standard for Corporate Quality Management. The ISO and CMMI standards are strategic tools that reduce costs and increase productivity. These certifications and ratings show that internationally recognized best practices have been institutionalized into the company’s core.
