

FOR IMMEDIATE RELEASE

Culmen International subsidiary awarded a 3-year prime contract with the Homeland Security, Science and Technology Directorate (S&T), Data Analytic Technology Center

Alexandria, VA, September 10th, 2018— Analytic Strategies, a wholly-owned subsidiary of Culmen International, is pleased to announce that they have been awarded the Homeland Security, S&T Directorate, Technical and Engine Program Support (TEPS) task order. Under this 3-year effort, Analytic Strategies will provide programmatic and technical support services to the Department of Homeland Security, S&T Directorate, Data Analytic Technology Center.

Culmen International's Chief Strategy Officer, Mr. Mark Dumas, said of the award, "We are excited to assist the S&T Data Analytic Technology Center in its mission supporting cutting-edge research to produce revolutionary changes in technologies, new capabilities and threat and risk assessments for the Homeland Security Enterprise (HSE). The award of the S&T Data Analytic Technology Center further validates our leadership in Enterprise Risk Analytics, Big Data and software solutions in an enterprise environment."
