

FOR IMMEDIATE RELEASE

Culmen International LLC. Earns Inc.5000 Fastest Growing Company Recognition

Alexandria, VA, August 12, 2020— Inc. magazine announced that Culmen International has made its annual Inc. 5000 list, the most prestigious ranking of the nation's fastest-growing private companies. Established in 2004, Culmen International is a repeat honoree making the list for the 9th time. In the history of the Inc. 5000, only half of a percent (217 companies) have made the list 9 times! With an impressive three-year growth rate of 116.36%, Culmen ranks #158 amongst Government Services companies and #181 in Virginia.

Not only have the companies on the 2020 Inc. 5000 been very competitive within their markets, but the list as a whole shows staggering growth compared with prior lists as well. The list represents a unique look at the most successful companies within the American economy's most dynamic segment—its independent small businesses.

Culmen's capabilities are: Global Procurement and Logistics, Specialized Language and Culture Services, Operations Analysis, Research and Readiness, Aviation Security, Program Management and Operational Technical Support, Training and Engagement Support, Technical and Mission Application Development, Internet of Things and Data Analytics, and Agile Software Engineering.
