

FOR IMMEDIATE RELEASE

For the 11th Time, Culmen International Earns Inc.5000 Fastest Growing Company Recognition

Alexandria, VA, August 16, 2022— Today, Inc. magazine revealed Culmen International made its annual Inc. 5000 list, the most prestigious ranking of the fastest-growing private companies in America. The list represents a one-of-a-kind look at the most successful companies within the economy’s most dynamic segment—its independent businesses. Culmen International is a repeat honoree making the list for the 11th time. In the history of the Inc. 5000 less than 1% of all applicants have made the list 11 times! With a remarkable three-year growth rate of 151%, Culmen ranks #139 among Government Services companies and #171 in the state of Virginia.

The companies on the 2022 Inc. 5000 have not only been successful, but have also demonstrated resilience amid supply chain woes, labor shortages, and the ongoing impact of Covid-19.

“Culmen International is extremely honored to be recognized again by Inc. Magazine, alongside our esteemed peers.” said Dan Berkon, CEO of Culmen International. “The credit for Culmen’s continued success over the past 18 years goes to our dedicated employees, who are passionate about the missions we support, and consistently rise to meet our customers’ most challenging requirements.”

Culmen’s customer base is comprised of the US Departments of Defense, State, Energy, Justice, Homeland Security, and Health and Human Services, as well as international partner countries. Culmen delivers a broad range of services that include Program Management and Technical Services, Global Procurement and Logistics, Training and Instructional Systems Design, Specialized Language and Culture Services, and Mission Oriented Technology Solutions such as Agile Software Engineering, Data Analytics, and Data Visualization.
