### HIGH QUALITY TRAINING SOLUTIONS TO TEACH AND PROTECT YOUR TEAM

Culmen International provides training program management, curriculum development, strategic planning, needs assessments, and instruction for counterterrorism, aviation security, border security, language and culture programs. In the area of training program management, Culmen provides coordination between Government sponsors, partner nations, students, and schools to ensure the target students are identified for the right training programs, and quickly processed and vetted. We provide training venue management, which includes facilities assessments, pricing and contract negotiations, audio-visual and interpretation arrangement and catering logistics. We can also create properly equipped training venues from scratch.

We develop, tailor and review the curriculum of various training courses to ensure minimal overlap and maximum coverage across topic areas. Instructors and curriculum are certified or recognized when required. Culmen provides complex event and international travel logistics, which include obtaining visas, scheduling transportation, securing ground support, reserving lodging, per diem distribution, and secure escort. We additionally manage alumni programs, to ensure past participants stay engaged through web resources, international events and continuous learning opportunities.
