

FOR IMMEDIATE RELEASE

## **Culmen Recognized with “Top Work Places USA 2023” Award**

**Alexandria, Virginia, May 9, 2023**—Culmen International, a premier international security firm, is honored to have been named in the Washington Post as a Greater Washington Winner among the Top Work Places USA 2023! The award is based on employee feedback gathered through an employee engagement survey and recognizes "companies that make the world a better place to work together by prioritizing a people-centered culture and giving employees a voice."

“We are thrilled to be included in this select group of companies, and will work to continuously improve and strive to be an extraordinary and inclusive place for extraordinary people from diverse backgrounds to make a difference” said Dan Berkon, Culmen’s CEO. “It’s a privilege to serve with colleagues who care about each other, are dedicated to the clients we serve, and are passionate about the missions we support.” Learn more about the Top Work Places award here: <https://topworkplaces.com/about/>

### **About Culmen International**

Established in 2004, Culmen International, LLC is an international security organization with more than eighteen years’ experience providing exceptional security support to the United States Government (USG). Headquartered in Alexandria, VA, with personnel permanently stationed in over 40 countries, Culmen is certified under International Organization for Standardization (ISO) 9001:2015 for quality management. Culmen is dedicated to enhancing international security by optimizing government operations and facilitating international collaboration so that customers can accomplish critical missions in challenging environments with constrained resources. The primary domains (areas of expertise) that Culmen operates include: nonproliferation; border and aviation security; security cooperation and international partner capacity building; counter-terrorism and homeland security; military and federal law enforcement operations; international development and humanitarian missions, resulting in the company’s involvement in more than 140 countries. Culmen’s service capabilities include program management and technical services, global procurement and logistics, international training and language services, and technology development and deployment.
